## DISTRUST IS REVIVED

Germany's Recall of Von Sternberg Creates Suspicion.

## OFFICIALS PUZZLED.

The Only Reason for Such an Act Is the Conciliatory Attitude by Which That Officer Transacted All Business.

Washington, Oct. 19.—Distrust of Germany's attitude in China has revived as a result of information received here showing the hostility of the Berlin government to a policy of conciliation in the settlement of the far eastern question. It has been learned that the recall of Baron Speck von Sternberg, the German charge d'affaires, was due to his efforts to smooth the road looking to a prompt, peaceful solution of the Chinese trouble.

Exact details as to Baron von Sternberg's recall are impossible to obtain, as none of the German embassy will talk about the matter, and the state department does not seem to be fully advised on the subject. It is known, however, that Baron von Sternberg while endeavoring to carry out the several instructions to this government in a more conciliatory fashion than the Berlin authorities had contemplated. Being on the ground Baron von Sternberg appreciated that it would be advisable in the interest of harmonious relations between both governments for him to be less positive than his instructions required.

Officials here are deeply grieved over Baron von Sternberg's recall, as they say he has certainly aided in preserving good relations between the two powers. It is pointed out that if he had acted in an offensive manner the answers made to the German notes would not have been different from those given. Undoubtedly Germany was greatly chagrined by the refusal of the United States to accede to the proposition to make the surrender of the Chinese guilty of the outrages precedent to negotiations, inasmuch as the attitude of this government made the rejection of the proposal certain. It was probably this feeling that had much to do with his recall.

### French Take Li Chow.

London, Oct. 19.—A special dispatch from Shanghai says 1000 French troops have taken Li Chow on the northern border of Shan Tung province.

### Reformers Issue a Manifesto.

Shanghai, Oct. 19.—Sun Yat Sen, the reformer, and other scalled rebels, have issued a manifesto to local mandarins of the Yang Tse valley denouncing the gross misgovernment of the Manchu dynasty and promising not to interfere with the native converts.

### Rebels Strongly Entrenched.

Hong Kong, Oct. 19.—The rebels are strongly established, with headquarters at Waichu. Their leaders, who are apparently disciples of Kang Yu Wei, have issued a manifesto proclaiming that China is completely at the mercy of her foes, for which the Mandarins are entirely responsible.

Everything is quiet on the British frontier. The rebels have gone northward toward Canton.

### Her Check Was Worthless.

Muncie, Ind., Oct. 19.—A refined looking woman attempted to pass a forged check on the Merchants' and Delaware County National bank here for \$1000. The bogus paper bore the signature of President R. B. Cooley of the Blackford County bank, at Hartford City, and the woman had a letter signed by the same name, saying that the check was genuine. Cashier Church, of the Delaware County bank, was familiar with Cooley's signature and telephoned him, but the woman had disappeared, leaving the paper behind. The police could not find her.

### Train Half a Mile Long.

Muskogee, I. T., Oct. 19.—Freight traffic on the Choctaw division of the Missouri, Kansas and Texas railway for the past month has been the heaviest in the history of the road. Wednesday night for the first time in the history of the division here a train of 75 loaded freight cars, drawn by two engines left the yards here for the south. The length of the train was 2926 feet, or a little over half a mile.

### Boers Slip Into a Town.

London, Oct. 19.—Lord Roberts reports from Pretoria under date of Oct. 18, that a party of Boers got into Jagersfontein on the night of Oct. 16 and a fight ensued. The British loss was 11 killed. The Boers lost their commandant and 20 killed. Kelly-Kenny dispatched a column under Hughes Hallett, which should now be at Jagersfontein.

### Arrested for Robbery.

New Orleans, Oct. 19.—The detectives here arrested in this city John Krug on a telegram from G. A. Taft of Houston, Tex. Krug was formerly an agent of the Wells, Fargo & company express.

at Escalon, Tex. He was wanted with John Lenn on a charge of robbery of \$10,000 from the express company. Krug denies his guilt.

### Fatal Fall from a Housetop.

Malta Bend, Mo., Oct. 19.—L. K. Glens, while repairing a chimney for W. H. Hall, slipped and fell to the ground 20 feet from the eaves. He struck the ground with his head and shoulders. Internal injuries were sustained and he died.

### STATEHOOD BILLS.

Both Political Parties Pledged to Work for Their Passage.

Washington, Oct. 19.—A determined effort will be made at the coming session of congress to secure statehood for the territories of Oklahoma, New Mexico and Arizona. Plans are already being laid to accomplish the admission of Oklahoma, with fair prospects of success. The movement received its first impetus when the platforms of the Republican and Democratic parties were adopted by the national conventions. Both platforms contain specific declarations in favor of the early admission of the territories of New Mexico, Arizona and Oklahoma to statehood. This declaration was inserted in both platforms at the solicitation of the same men in the three territories above referred to. The object of this was to commit both parties in favor of the proposition, so that there would be no opposition from either party in congress next winter when the bills for the admission come up for consideration.

The most serious obstacle which stands in the way of the successful passage of the Oklahoma bill is the division of public sentiment with relation to the question of how the territory should be admitted into the Union as a state. Upon this question opinion, both in congress and in Oklahoma, is widely divided. Some advocate the admission of Oklahoma as it at present exists, while others insist that Oklahoma and the Indian Territory should be consolidated. This latter proposition finds far more favor among the members of the house than the former, particularly among the members of the committees on territories of the house and senate. It is insisted by many that Oklahoma, with its present limited territory, would be entirely out of proportion in size to the other western states, but including the Indian Territory it would not only have an adequate population, but an adequate area. It is also pointed out that Oklahoma Territory is solely an agricultural country, while the Indian Territory possesses valuable coal and mineral deposits, which would give a state a diversity of interests which would not render the people wholly dependent upon a single pursuit.

The advocates of the proposition, however, have come forward with a solution which it is believed will meet all the requirements of the case. They propose the immediate admission of Oklahoma, with a provision providing for the absorption of the Indian Territory as fast as the tribal forms of government become extinct. This suggestion seems to meet with general favor.

### EMERGENCY RATIONS.

Actual Test Will Be Made by a Squad of Men at Fort Reno.

Kansas City, Oct. 19.—Captain Fountain and Captain Foster of the emergency ration board of the war department, who have been in Kansas City for several weeks preparing the rations for an actual test, will leave for Fort Reno, I. T., early next week, probably Monday. They will start from Reno with a troop of cavalry made up of men from Fort Reno and Fort Sill and make marching expeditions, during which the men will live wholly on the emergency ration, which has been prepared at a packing company's plant here.

The ration is put up in an elliptical can eight inches long. Each day's food weighs a pound and each contains three cakes of sweet chocolate and three cakes of a food preparation composed of a meat and grain compound. The latter which tastes not unlike parched corn with a slight flavor of meat, is very palatable. It can be eaten uncooked, made into a porridge or a soup, or it can be made into a mush and then fried.

Each can contains small packages of salt and pepper. The effect of the food on the men will be carefully noted. They will be weighed every day and their condition closely observed by a physician. The test will probably last two or three weeks, and then the board will report to the war department the result of the test.

### REVISION OF CREED.

## ACQUITTAL OF STREATOR.

Not Guilty of Conspiracy to Commit  
Murder on the Lake Front.

Chicago, Oct. 19.—Captain George  
Wallington Streator and seven codefend-  
ants whose attempt to hold the filled in  
land on the lake front here last summer,  
resulting in the mobilization of the  
whole police force of this city, were  
Thursday declared not guilty of conspir-  
acy to commit murder. A charge of un-  
lawful assemblage still remains against  
the "squatters" on the criminal calen-  
dar.

Streator lays claim to public land,  
which having been formed by dumping  
refuse, is not officially recognized as ex-  
isting. The tract is now valued at sev-  
eral million of dollars.

Having been dispossessed temporarily  
Streator last summer unexpectedly re-  
turned with an "army" of 20 men and  
a Gatling gun. The army surrendered  
after firing only one shot which struck  
a boy.

## Tribal Schools Extravagant.

Lake Mohonk, N. Y., Oct. 19.—At  
the session of the Indian conference  
Thursday, Commissioner of Indian Af-  
airs Jones considered the subject of the  
allotted Indians. Among other things  
Mr. Jones said no more exhibitions of  
Indians were allowed. The tribal  
schools he said, were notorious for ex-  
travagance. There were 50,000 white  
children in the Indian Territory out of  
school, congress having failed to provide  
school houses. There were 267,000 In-  
dians and 45,000 were subsistence by  
the government. He declared the  
ration giving was demoralizing, but  
must continue until the reservation  
system was abolished.

## Accidental Shooting.

Brownwood, Tex., Oct. 19.—C. S. Ar-  
rington, night operator for the Fort  
Worth and Rio Grande, killed himself  
at the Union hotel here. He had two  
ancient cap and ball derringers, which  
had been left at the hotel by a former  
tenant. He snapped them several times  
at the little daughter of the hotel pro-  
prietor and a friend sitting near. On re-  
monstrance of others present he ceased  
to snap the derringers, stepped through  
the door for a few seconds, returned and  
said he would show them that there was  
no danger. He placed them to his head  
and fired one of them, sending a ball  
through his brain, killing him instantly.  
The proprietor had recently loaded the  
derringers to shoot at some rats.

## Mandamus Denied.

Austin, Tex., Oct. 18.—The supreme  
court has refused a motion for rehearing  
in the mandamus case of Weber against  
Land Commissioner Rogan. This is the  
case in which relator sought to compel  
the land commissioner to sell isolated  
and detached sections of timbered school  
lands at \$1 per acre. The court upon  
presentation granted the mandamus and  
the state secured a rehearing. After  
hearing the argument a second time it  
reversed itself, refusing the mandamus  
and adhered to the latter decision.

## Found Dead Near Taylor.

Taylor, Tex., Oct. 19.—A white man  
who looked to be between 30 or 35 years  
old, was found dead in the pasture of  
W. C. Wright, about a mile from town.  
He wore a light sandy mustache, weigh-  
ed about 175 pounds and from all ap-  
pearances must have been dead about a  
week. He had been shot in the breast  
with a lead of buckshot. His pockets  
were rifled. No clue to his identity.

## Denied Dismissal Suit.

Fargo, N. D., Oct. 19.—United States  
Commissioner Montgomery has denied  
a motion for the dismissal of the case  
against Frank Carmody, charged with  
robbing a safe in Mexico City last March  
of \$10,000. A detective is here with  
extradition papers, but the official in-  
terpreter was incompetent to translate  
them, and an adjournment was taken  
until Nov. 2 for that purpose.

Clarksville, Tex., Oct. 19.—Dr. J. W.  
Cornett was shot a mile north of town  
by a farmer. Dr. Cornett has two  
wounds, one in the right breast and the  
other in the hand. The wound in the  
breast, while somewhat dangerous, is  
not necessarily fatal. The shooting was  
the culmination of a quarrel, and sev-  
eral shots were fired. The farmer fled,  
but officers are in pursuit.

## Seed and Cotton House Burned.

Denton, Tex., Oct. 19.—The seed and  
cotton house of the Jasper Gin company  
one of the American Cotton company's

set on fire, it is believed, by an incendi-  
ary. The total loss is about \$10,000.  
The plant was insured for \$5000 and the  
cotton for \$3000. The exact number of  
bales of cotton is not known.

## STORM DAMAGE TO CROPS IN SOUTH TEXAS.

The Report of the Investigation of the Agricultural Department Brings the Loss into the Millions.

Washington, Oct. 19.—The department of agriculture has completed the investigation of the agricultural situation in those counties in Texas that were visited by the West India hurricane on Sept. 8. The reports received are from the department's regular correspondents and from many other prominent citizens identified with the agricultural and commercial interests in southern Texas, besides two special agents personally visited the storm swept region and carefully investigated the existing situation. Much valuable assistance has been rendered the department by the census office in determining the acreage of crops prior to the storm.

The area under cotton in counties which serious damage resulted from the storm is approximately 1,800,000 acres with a promise on Sept. 1, of a crop of about 640,000 bales. The reduction of the crop is estimated at about 68,000 bales or 10.6 per cent. On the basis of \$50 per bale the amount destroyed would represent a value of \$3,400,000.

The area under corn is estimated to have been about 815,000 acres with an indicated production of about 17,000,000 bushels. This loss to the crop is estimated at about 1,000,000 bushels or 5.7 per cent, representing a value of about \$500,000.

The loss to rice is estimated at 75,000 barrels of four bushels each, representing a value of about \$2,190,000.

As to pecans there is estimated a loss of 2,500,000 pounds, valued at \$100,000. Three thousand trees valued at \$75,000 also reported destroyed.

The loss of farm animals is estimated 1300 horses, 150 mules, 20,000 cattle, 2800 sheep and 900 swine, representing a total value of about \$49,000.

The loss the sugar cane, sorghum and other minor crops has not been ascertained with sufficient definiteness to warrant a publication of an estimate.

Exclusive damage to farm buildings, machinery, etc., total loss may be estimated at \$5,000,000.

It should be stated that all the counties visited by the storm were included in the crop report issued Oct. 10.

## NEGRO LYNCHED.

Moh Takes Milrey Johnson from an Officer and Hangs Him.

Plaquemine, La., Oct. 19.—Milrey Johnson, the negro who shot and dangerously wounded Conductor Will Jordan of the Texas and Pacific road, on Wednesday night near Baton Rouge, was lynched at 2 o'clock this morning. He had been incarcerated temporarily at the state capital but during the night Sheriff Dubroca of West Baton Rouge, attempted to cross the river to land him in jail at Port Allen. A determined body of men met the officer conveying the negro on the west bank of the river and with little difficulty obtained possession of the culprit. They carried him 11 miles to the scene of his crime and hanged him.

Jordan is in a serious condition, but there is some hope for his recovery.

## THIS IS TO REMIND YOU

That all groceries are not alike. Some are made from cheap materials by poor machinery, and very little care is given to the work. That's the dangerous kind because it's likely adulterated. That's the kind you would do well to let alone. Others are made from the choicest materials, much care is given to the work, skilled labor is employed, and much money is spent in making them right—that's the kind that gives health, brain and brawn; you will find that kind in the list below:

Graham Flour 5 lb package 25c;  
Cracked Wheat 2 lb package 20c;  
Grains of Gold 5 lb package 25c;  
Farina 1 lb package 10c, 3 for 25c;

## VIGOROUS CAMPAIGN.

New York State the Center of Attraction Politically.

### THE TOUR OF BRYAN

He Will Devote Much Time to That State and He Severt Abandons Other Fields to Look After Politics at Home.

Syracuse, Oct. 19.—W. J. Bryan continued his tour of the empire state yesterday, traveling half way across it from east to west. He began his journey at Albany and reached here late in the afternoon. From here he made a run northward to the southern shore of Lake Ontario and made a speech of half an hour's duration at Oswego, returning to this city. The other points at which he spoke were Schenectady, Amsterdam, Fonda, Johnstown, Gloversville, Fort Plain, Little Falls, Herkimer, Ilion, Frankfort, Utica, Rome, Oneida, Canastota, Chittenango and DeWitt. In comparatively few places was there very marked enthusiasm. There was, however, close attention in every instance, and in no case was there any interruption worthy of note. The crowd here was the largest ever congregated to hear a political speech.

At most of his stopping places Mr. Bryan was confronted by large and conspicuously posted bills warning the people against him. These bills announced in large red letters: "Bryan is here" and then gave extracts from his speeches made in 1896, and last September, and then added: "This means national dishonor and industrial collapse. A vote for Bryan is a vote for low wages or no wages; bread riots and soup houses, hard times."

### RETURNING HOME.

Roosevelt Abandoning Other States to Look After Home Matters.

Parkersburg, W. Va., Oct. 19.—Gov. Roosevelt will finish his campaigning in Baltimore tonight, after having traveled nearly 19,000 miles and making nearly 500 short and long speeches. Then he will spend the final week of the campaign in New York state.

After a hard day's campaign through Ohio and West Virginia, Governor Roosevelt reached Parkersburg last night and addressed a large audience, paying special attention to Senator Jones' denial that the American Cotton company is a trust.

From Wheeling the Roosevelt train run down the Ohio River railroad and stops were made at Benwood, Moundsville, New Martinsville, Sistersville, St. Marys and Waverly. A crowd of probably 25 hoodlums collected on the outskirts of the crowd at St. Marys, a small town, and undertook to prevent Gov. Roosevelt from making himself heard. They were partially successful for a while.

The demonstration at Parkersburg is conceded to be the biggest political gathering in the history of the state. There was an immense parade.

### Hanna Still in South Dakota.

Sioux Falls, S. D., Oct. 19.—The two days of speechmaking in South Dakota by Senators Hanna and Frye were concluded in South Sioux Falls Thursday with three meetings, one in the auditorium and the others in the opera house. All the meetings were largely attended.

### Strikers March on a Mine.

Hazleton, Pa., Oct. 19.—About 800 strikers made a decent on the Jeddo mines of Markle & Co., at Oakdale early this morning in an effort to close the mine. The march was well planned and was kept a strict secret. They forced the sheriff's deputies on duty, but they kept in the back ground. The sheriff himself did not arrive until the affair was nearly over. The strikers remained in the vicinity of Oakdale marching up and down the road until 7:30 o'clock. No one was seriously hurt. The strikers claim they shut up the colliery, but information given out by the company was to the effect the mine was still working.

### Bank Robbers Kill an Officer.

Nevado, Mo., Oct. 16.—The Farmers' Bank here was entered by three masked men before dawn this morning. They blew the safe and are supposed to have secured about \$3000. Constable William Maron, who heard the explosion, fired into the darkness to alarm the town. The robbers returned the fire killing Maron instantly. Sheriff Ewing with posse and bloodhounds immediately started in pursuit of the robbers.

### New Manager of the Choctaw.

St. Louis, Oct. 19.—The announcement made here by the Choctaw, Oklahoma and Gulf Railroad company, of the resignation of Colonel Henry Wood, general manager, and the selection of President Francis I. Gowan to succeed him. Colonel Wood retains the position of first vice president.

### Brooklyn Champion.

Pittsburg, Oct. 19.—The agony is over. Brooklyn is champion of the world in baseball circles, the owner of the beautiful \$500 Chronicle-Telegraph trophy and carries away one-half of the gate receipts for the four games necessary to decide their superiority over Pittsburg.

### Forty-Two Bodies Recovered.

Galveston, Oct. 19.—Forty-two bodies were recovered from the storm debris Thursday. Total four days 117.

## ALMOST A CLASH.

Lawyers in the Yontsey Trial Create a Sensation in Court.

Georgetown, Ky., Oct. 19.—The Yontsey trial is rapidly drawing to a close. All the testimony is in, the instructions have been given to the jury and the speeches are being made.

There is no improvement in Yontsey's condition, though he is not any worse. Now and then the paroxysms return and for an hour afterwards he is much worse, but is still able to rally quickly, showing remarkable vitality.

The first speech was by Victor F. Bradley, for the prosecution. Bradley asked why the defense had not brought witnesses here to impeach Ricketts, Cul-ton and Golden, if they were the dishonest men claimed by the defense.

Judge James Askew next spoke for the defense. He said Ricketts was brought in the case to unload the whole thing on poor Yontsey to save the really guilty mountaineers. Yontsey was to be the innocent scapegoat of the real assassins.

Judge Askew closed at 9 o'clock and Colonel Campbell began for the prosecution. He said Colonel Crawford in his statement to the jury had sounded the keynote of the whole situation when he said that he "affected a respect for the mere forms of law which he did not feel;" that the disregard for the forms of law brought the mountain army to Frankfort to compel the legislature to decide their way and disregard the forms of law caused Goebel's murder. Later his words caused a sensation. He said he believed the counsel for defense put Mrs. Stamper on the stand knowing her story was untrue. When he said this Judge Askew said loud enough to be heard over the room:

"That's untrue."

The judge rapped for order. Campbell repeated his statement.

"That's untrue," again said Askew.

"Do you mean to say that we knew Mrs. Stamper was going to tell an untruth?" asked Colonel Nelson.

"I said that as plainly as I could," replied Campbell.

"Then I say you state what is absolutely false," said Nelson, angrily.

"Mr. Clerk, enter a fine of \$20 against Colonel Nelson and issue a capias at once," said Judge Cantrill.

Mr. Crawford started towards Mr. Campbell, but when stopped by a deputy sheriff, said he was only on his way to the clerk to pay Nelson's fine.

A personal encounter was imminent, but was averted by the prompt action of Judge Cantrill and the sheriff.

Campbell devoted much time to stating the manner in which he claimed Cul-ton was corroborated. He said he was corroborated by the very manner in which the shooting was done, for Cul-ton said Yontsey told him of the plan to fire from Powers' office; corroborated by Yontsey running through the basement right after the shooting; corroborated by Frank Johnson who said Yontsey declined to tell him where he was when the shot was fired; corroborated by McKenzie Todd who saw Yontsey looking out of the window of Powers' office on Jan. 30, when the shooting occurred.

He concluded 11:15 and then court adjourned.

### Killed by a Train.

Louisville, Oct. 19.—In an effort to escape being killed by a train on a 200-foot trestle of the Louisville, Harrods Creek and Prospect railroad, Walter C. Townsend, aged 65, attempted to let himself down between the ties. His shoulders became wedged between the ties, and utterly helpless he saw the locomotive approach which in a few moments almost decapitated him, his body dropping to the ground dead. A fog prevented the trainmen from seeing Townsend.

### Activity of the Boers.

Pretoria, Oct. 19.—The Boers are daily tearing up portions of the railroad and cutting the telephone and telegraph wires. Their attacks are intolerable. The repairing line men cannot leave the garrisons points without considerable escorts. The only remedy seems to be to corral all the burghers and deport them, as apparently none can be trusted.

### Held for Riding Mails.

Hannibal, Mo., Oct. 19.—Austin H. Frazier, assistant in the postoffice at Baring, was arraigned here on the charge of riding registered letters. He entered a plea of guilty and was sent to the Penitentiary to await the action of the grand jury in default of bond of \$500.
